

## CIVIC NURSE BEGINS 4th YEAR

### REPORT OF PRESIDENT J. A. SINGMASTER FOR PAST YEAR.

Shows Association to be in Excellent Condition—Nurse Makes 1452 Visits in Year.

The Civic Nurse Association held a public meeting in the Court House on Tuesday evening to hear a report of the work of the year. Dr. J. A. Singmaster, president of the association, presided and made the following report:

In behalf of the board of directors it gives me much pleasure to render this fourth annual report (October 19th, 1915).

**Meetings.**  
This association was organized on August 6, 1912, a little over three years ago. The recent report fully justifies the founding of the association. During the past year five regular meetings of the directors and a number of committee meetings were held at the residence of Miss Annie W. Horner, to whose courtesy and interest the association is deeply indebted.

**Membership.**  
The association now consists of 293 members, who pay each from one dollar to five dollars annually as active or sustaining members. This is a gain of only two over last year's membership. As this association is purely benevolent and ministers to all alike, regardless of denomination, race and worldly circumstances, it should appeal to every family in the community.

**Finances.**  
The sources of income are as follows: annual dues, fees from patients, free gifts, donations from lodges, orders, guilds, and societies, proceeds of entertainments, collections in churches.

**Gifts.**  
Besides the various amounts received in money as noted in the treasurer's report, the board gratefully acknowledged numerous donations of food, delicacies for the sick and also clothing which our nurse has carefully distributed to deserving persons. At Christmas the nurse also received a certain sum from the Town Council out of a benevolent fund which she applied according to her best judgment.

We refrain from making particular mention of individual donors lest some be inadvertently overlooked.

**The Work of the Nurse.**  
The association is fortunate in still having the services of Miss Kate Briel who has been with us from the start and whose faithful and efficient work deserves and receives the grateful recognition of all to whom she has ministered. The directors hereby record their appreciation of her quiet, unobtrusive and ceaseless labors.

During the year closing October 1, 1915, Miss Briel made 1452 visits to 169 separate families, an average of 121 visits a month. Among the persons nursed were 27 surgical cases and 34 children. She received for the association the sum of \$23.15 in fees, including \$22.50 from the Metropolitan Life Insurance Company for visits to its policy holders.

**Conclusion.**  
The board desires, through this report, to remind the members of the association, as well as the entire community that this splendid work can be sustained only by our united and continued effort, and that all who receive the ministrations of the nurse are expected to pay a small fee, ranging from ten to fifty cents a visit; from one to two dollars for a day of ten hours, and from two to three dollars for a day of twenty-four hours. These moderate fees are absolutely necessary to maintain the work. Of course, the poor and destitute will always be cared for without charge.

Let us again commend our noble association to the attention of the people of Gettysburg. It fills a place in our social life which is not provided for by any other agency. During its brief existence it has done an enormous amount of good. It needs and deserves the support of all. We bespeak for its collectors a hearty response. We trust that many citizens will not limit their gifts to one dollar a year, but will cheerfully contribute larger sums. Should anyone be overlooked in the canvass, we invite him to send his contribution directly to the treasurer, Mr. Taylor.

L. Taylor, treasurer of the association, submitted the following report for the year:  
The collection at Court House, on Thanksgiving Day at the College and Presbyterian Churches, and at the Chautauqua union services at College Campus, College and U. B. Church brought in \$47.65  
The nurse received from the families who had her services ..... 263.25  
The orders and societies, G. A. R., Gettysburg Fire Co., P. O. S. of A. and Sons of Veterans contributed ..... 27.00  
Interest received ..... 11.40  
Membership dues paid during the year amounted to ..... 380.20  
The balance from last year was ..... 268.90  
Total ..... \$1203.10

The nurse was paid ..... \$600.00  
Rent and other expenses ..... 125.53

Total ..... \$1725.53  
Balance ..... 477.53

\$1203.10  
It is to be noted that the balance in hand at the end of this year is but \$8.65 greater than at the end of the previous year. The association did not add to its reserve as much in the past year as former years. There were no benefits given during the year for the cause is one of the reasons for this and this should be kept in mind and one or more benefits given each year for the Nurse Fund. The former officers were all re-elected Tuesday night: President, Dr. Singmaster; First Vice President, Rev. F. E. Taylor; Second Vice President, Miss Annie Horner; Secretary, Mrs. Donald P. McPherson; Treasurer, L. L. Taylor. In addition to the officers the following were named as members of the board of directors: Mrs. Karl J. Grimm, Mrs. Wm. Arch. McLean, Pius G. Breighner, J. Calvin Nau, Mrs. Charles S. Duncan, Mrs. Luther Kuhlman, Dr. L. A. Parsons, E. P. Miller, Miss Lily Dougherty, Mrs. William A. Martin, Prof. S. R. Wing, and Mrs. J. L. Butt.

**Playground Benefit.**  
On Thursday evening, October 28, in Walters' Theatre will be given a musical for the benefit of Kurtz Playground. A program has been prepared and it is one of the best programs ever attempted by local talent. It will be a treat to hear and for the good of the cause the theatre should be packed. ## DEATH OF GEORGE E. STOCK

### AFTER THREE DAYS' ILLNESS FROM URAEMIC POISONING.

Prominent Business Man of Town, Member of Town Council and a Former County Treasurer.

George E. Stock, a prominent business man of Gettysburg and a member of the Town Council, died on Sunday morning from uraemic poisoning. He was stricken with the poisoning Wednesday night. His age was 63 years, 2 months and 24 days.

The earlier part of last week Mr. Stock was apparently in the best of health, attending to his duties as usual and had not complained of being ill for years. The day before he was stricken he accompanied his son, Rev. Fr. Mark Stock, to New Oxford, where the latter was recently transferred to the pastorate of Immaculate Conception Church, to make arrangements for his son's locating there. That night he was taken ill at home and about 2 o'clock became unconscious and remained so until his death Sunday morning.

George E. Stock was a son of the late Andrew and Barbara Neff Stock. He attended the public schools until about sixteen years of age. He then learned the plastering business which he followed for some time in Philadelphia. On his return to Gettysburg in 1873, Mr. Stock began the cigar and tobacco business, which he successfully followed up to the time of his death.

On the 8th day of February, 1876, he was married to Miss Sarah Noel, by his pastor and life-long friend, Rev. Joseph A. Boll. When but 32 years old he was elected county treasurer by the Democrats of Adams county in 1884. He gave his attention to every detail of his office with the result that he secured to the taxpayers a large amount of money which otherwise would have been lost.

About 1900 he was elected a member of the Town Council of Gettysburg, and again elected in 1913 for a term of four years and was at the time of his death holding this position.

Mr. Stock was a faithful and useful member of St. Francis Xavier Catholic Church. He was also a member of the Knights of Columbus. He leaves to survive him his widow, Sarah Stock, and the following children: Dr. George A. Stock, Danville; Leo F. Stock, Esq., Washington, D. C.; Charles W. Stock, Gettysburg; the Rev. Mark E. Stock, New Oxford; Mrs. Michael J. Flynn, Mount Carmel; Joseph J. Stock, Pittsburgh; Simon S. Stock, Gettysburg, and thirteen grand children. He also leaves the following sisters: Mrs. Caroline Weaver, Baltimore; Mrs. F. N. Kuhn, Hanover; Mrs. Kate Miller, and these brothers, John A. Stock, Clearfield; Peter C. Stock, Gettysburg.

A solemn high mass of requiem was held in St. Francis Xavier Catholic Church on Wednesday morning. Mass was sung by Mr. Stock's son, the Rev. Mark Stock, pastor of Immaculate Conception Church, New Oxford, and there were seventeen other priests, friends of the deceased, in attendance. The Rev. Fr. Frank Weish, Carlisle, was deacon and the Rev. Fr. Henry Strickland, Fairfield, sub-deacon, at the mass. The Rev. W. F. Boyle, pastor of the church was master of ceremonies.

The service was a most impressive one. The church was crowded, the assemblage containing many out of town friends of Mr. Stock. Borough Council, of which he was a member, attended in a body, as did the Knights of Columbus Lodge, Hanover, and the police officers of Gettysburg, were present in uniform. The pall bearers were Hon. C. William Beales, J. Donald Swope, Esq., Thomas J. Hardy, Dorsey Dougherty, Joseph M. Bushman and Felty Kimple.

A short ceremony was held over the body as it was brought into the vestibule of the church and the procession then filed in to the front of the sanctuary. The priests entered the sanctuary from the sacristy, wearing the vestments of the funeral mass. Among those in attendance were: Monsignor Bradley, president of Mt. St. Mary's College, and Monsignor Tierney, both of Emmitsburg; the Rev. Fr. George Rice, Harrisburg; the Rev. Fr. William Daly, Harrisburg; the Rev. Fr. James Burke, Scranton; the Rev. Fr. P. F. Sullivan, Buchanan Valley; the Rev. Fr. John McGovern, Mt. St. Mary's; the Rev. Fr. John Shanahan, Bonnevillier; the Rev. Fr. James O'Callaghan, Littlestown; the Rev. Fr. Jacob Huber, Hanover; the Rev. Fr. Joseph Murphy, Midway; the Rev. Fr. Butler and the Rev. Fr. Killian, Paradise.

The music of the mass was especially effective, as sung by a quartet from Carlisle composed of Mrs. J. V. Miller, Miss Elizabeth Herman, Hugh R. Miller and James Bechem. Mrs. Miller sang Stradella's "Pie Jesu" and "He Wipes A Tear From Every Eye" by A. Lee, during the service.

Edward A. Weaver, Esq., whose death on last Friday morning was announced as we went to press, recently wrote for the "Compiler" the following brief story of his life: "I was born June 8, 1850, at what is now the William Meals property at Centre Mills, which my father built

and owned until about 25 years ago. I was the seventh of nine children of Josiah G. Weaver and Susan Mariah, oldest daughter of Abraham Fisher. Spent my early years on the Centre Mills farm up to the age of 16. Then I attended Aaron Sheely's select school for two terms and began to teach school at the Strausbaugh school in Franklin township in 1874, taught the Sunnyside school in Butler township in 1876 and the Rollman school the winter of 1877. In the interim attended John Currens' school at Bendersville and several terms at Millersville State Normal School. The spring of 1877 I went West to Council Bluffs, Iowa, where my oldest brother was in business. There I taught school and assisted my brother in his business of contracting. In the fall of 1879 I finally recovered from a long spell of typhoid fever which left me in a very feeble condition. Near the end of that year I returned East and in the spring of 1880 being obliged to pursue an active outdoor life I pursued the trade of plastering which I had picked up early in life from my father, who followed that business sometimes. Later I did contract work at Altoona, South Fork, Conemaugh, Johnstown and lastly Cresson Springs in 1882, where I had charge of more than 360 mechanics. In the spring of 1882 I married to read law with R. G. McCreary who soon after died and then I continued to read law with George J. Benner and was finally admitted to the Bar Oct. 15, 1885. I was the last one examined in open court, Judge Wills, J. L. Hill and Wm. McSherry being my examining committee."

Mr. Weaver was a member of the Gettysburg School Board when the Meade Building was erected. He was secretary of the Gettysburg Council, Royal Arcanum since its founding. The funeral was held on Monday with services by Rev. Joseph B. Baker, and interment in the Evergreen Cemetery.

In 1881 Mr. Weaver was married to Miss Elia Dougherty, a daughter of Cornelius and Elizabeth Dougherty of Gettysburg. Mr. Weaver leaves his wife and seven children, Ralph Weaver of Reading, Miss Marguerite Weaver, a member of the faculty of Columbia High School, Miss Lorna Weaver, Miss Miriam Weaver, Miss Constance Weaver, Miss Lillian Weaver, and Miss Jessica Weaver at home. He also leaves three brothers and four sisters.

**Frederick Master**, a veteran of the Civil War, suffering from eczema and tired of being the object of banter on the part of children on account of his eccentricities, committed suicide on Monday morning shortly after 12 o'clock, midnight, by hanging himself to a rafter at the home of his sister, Mrs. Barbara Shorb, in East Berlin, with whom he lived. His lifeless body was discovered by his sister, who called in Mrs. Diller, neighbor, and Calvin Fohl. They went to the garret and found the body warm. Mr. Fohl cut it down. Dr. Edgar Miller was summoned but he found life extinct. From the condition of the body he judged, that death had occurred about fifteen or twenty minutes before the body was discovered. Dr. Miller notified Dr. Albert Woerner, coroner of the county, who decided upon hearing all of the facts in the case that it would not be necessary to hold an inquest. Master for some time had been failing in his physical condition which reflected itself in excessive nervousness and irritability. He was twice married. His first wife is buried at Falling Spring, Franklin county, and the second is buried at Mummaburg. He leaves a daughter in Philadelphia, and a son, whose whereabouts are unknown. Mrs. Shorb is the only sister living. The funeral was held on Wednesday.

**Miss Katherine Shriner**, aged about 70 years, died at the home of her sister, Mrs. McClain Gilbert, in New Oxford, on last Sunday about noon. Death followed a lingering illness. Miss Shriner until about a month ago, resided in Littlestown, where she lived for more than 25 years. She was taken sick and later went to live with her sister in New Oxford. She was a life long member of the Methodist Church in Littlestown and was actively engaged in church work until advanced years prevented further activities. She has lived in Adams county the greater part of her life. Mrs. McClain Gilbert is her only surviving relative. The funeral was held from the Gilbert home in New Oxford on Tuesday with interment in the New Oxford Cemetery.

**Jackson Taylor**, father of Mrs. William D. Himes of New Oxford, died suddenly at the home of his son in Virginia, on Monday of last week. Mrs. Himes received a telegram on Monday morning announcing the serious illness of her father, and accompanied by her husband and family, started by automobile for his bedside, but on arriving there learned that Mr. Taylor had died just 30 minutes before. Mr. Taylor, whose home was at Swarthmore, recently spent some time with his daughter and family at New Oxford and only recently left to visit his son in Virginia. He was about 70 years of age and leaves several children.

**John H. Wilhide**, of Westminster, died on Thursday October 14, after a long illness of general debility, aged 65 years. He leaves a widow, one son, Pierce, and five daughters, Mrs. Chas. Harman, Mrs. Russell Haines, Mrs. Wm. Arbaugh, Mrs.

She is survived by her husband and these brothers and sisters: Dr. Charles Stouffer of Gettysburg; Harry Stouffer of York; Edward Stouffer of Greencastle, Mrs. Edward Flora of California, and Mrs. Frank De Barbodillo of Baltimore.

Heagy, formerly of Greenmount, but now living at Graceham, Md.

**Mrs. Ella M. Sipe**, 33 years old, wife of Jeremiah Sipe, of Lancaster, died suddenly on Thursday of last week while on a visit at the home of her mother-in-law in York. She was the daughter of Mrs. Anna Zeigler, widow of the late George Zeigler and a granddaughter of the late Rev. Peter Brown of East Berlin. She was buried at the Mummert Meeting House on Sunday.

**Mrs. Eliza Ann Overholzer**, widow of the late Samuel Overholzer, died in Hanover on Wednesday in her 83d year. ### Red Cross Christmas Seals.

Mrs. Ella Weaver, High street, president Parent-Teachers' Association, as local agent will have charge of sale of the seals. The Red Cross Christmas campaign is recognized as one of the main instruments in the fight against tuberculosis, Pennsylvania's greatest enemy, because the proceeds from the sale go directly into the state-wide crusade against the dread disease.

The seals sell at the usual price of one cent each, and will be on sale during December at the stores and public places of communities throughout the State, which thousands of local societies, schools and churches will promote the sale. Every seal sold is a bullet in the war against the great white plague, with which 75,000 to 100,000 persons in the State of Pennsylvania alone are afflicted. The educational benefit derived from the seal campaign is very important, as public interest in health matters is aroused by means of the publicity which goes with it. Every man, woman and child is vitally concerned in this great movement for the protection of the lives and health of the people.

### Great Suffrage Meeting.

Mrs. Beatrice Forbes-Robertson Hale, the brilliant actress lecturer, spoke in the Court House on Thursday evening to an audience that crowded the room, many out of town citizens being present. Dr. J. A. Singmaster introduced the speaker, prefacing with the reasons why he would vote for the suffrage amendment. Mrs. Hale charmed the audience with her address, holding her hearers for two hours, and then they were unwilling to leave. The speaker possessed a magnetic personality and delivered a great speech, logical and forceful from beginning to end.

### Safe Blown Open.

## President Wilson Says Time Has Come to Give Woman the Ballot

On October 6th, President Wilson endorsed woman suffrage in the following authorized statement:

"I intend to vote for woman suffrage in New Jersey because I believe that the time has come to extend that privilege and responsibility to the women of the State. But I shall vote not as the leader of my party in the Nation but only upon my private conviction as a citizen of New Jersey, called upon by the Legislature of the State to express his conviction at the polls. I think that New Jersey will be greatly benefited by the change. My position in regard to the way in which this great question should be handled is well known. I believe that it should be settled by the States and not by the National Government, and that in no circumstances should it be made a party question; and my view has grown stronger at every turn of the situation."

## PILE UP VOTE FOR SUFFRAGE!

Citizens Urge It As Best Guard Against Corruption At The Polls

### VOTERS TURN TO WOMEN

Write That in Woman Suffrage They See Prospect of Stamping Out Election Frauds—Mrs. Roessing Issues Statement

Significantly enough one of the most pronounced effects of the disclosures of corruption at the primary elections, recently held in Pennsylvania, was a flood of letters, messages and personal calls at the State headquarters of the suffragists from men who are thoroughly disgusted with the present condition of politics in this State and turn to woman suffrage as the best hope of cleaning it up.

All of these communications express warm sympathy for the suffrage cause and pledge earnest support to it at the polls.

Corruption at the primaries was so brazen this year that it led to court investigations in Allegheny county and it is well known that it existed in other parts of the State. Mrs. Frank M. Roessing, president of the Pennsylvania Woman Suffrage Association, was aware of the gravity of the situation revealed by the disclosures from the western end of Pennsylvania even before the communications bearing upon it began to arrive. She has long been a student of the conditions which produce ballot box stuffing, falsification of election returns and the other forms of election corruption. On this general subject she has issued the following statement:

"I sincerely hope the friends of woman suffrage, and all those who believe in common honesty and the square deal in politics as well as in business and their personal affairs will not overlook the obvious lesson taught by the scandals of the recent primary election.

"There is one characteristic common to all of these primary election frauds. They were planned by practical politicians—district leaders of one faction or the other—and carried out by their tools on the election boards. It is fair to assume that in this latter part of the conspiracy representatives of both minority and majority parties were cognizant of it. If they did not actually participate in it against this kind of crookedness the honest voter is almost without protection. In a close contest corrupt election officers decide the outcome, and in effect the honest voter is disfranchised.

"The only practicable defense against such a state of affairs is to pile up majorities so large that even the most willing heelers will not dare to overthrow them by ballot box stuffing, false counts and the other familiar tricks of this despicable trade.

"Pennsylvania woman suffragists do not anticipate that any systematic attempt will be made to prevent by fraud at the polls the adoption of the equal suffrage amendment to the State constitution, which will come before the voters at the general election next month, but on the other hand, they do know that small fry politicians, who are capable of any small trickery that appears safe, are opposed to women voting. Consequently, it is the sincere hope of myself, and indeed of all the suffragists, that the men who favor the amendment will make it a point to turn out on election day and vote 'Yes.'"

"We especially appeal to the voters of the residence wards of the cities and of the small towns and rural districts to go to the polls. In order that the large vote they will cast will offset the possible loss in those districts where election corruption is the rule rather than the exception."

"Give the women the vote, or haul down your flag which stands for the principle of equality and justice and liberty to all."—Rev. G. S. Womer, of Huntingdon, Pa.

### IF

you are a man who owes a never-ending debt of gratitude to your mother, don't you want to pay that debt by doing the biggest thing on earth for your mother's sex? Vote Yes on the Suffrage amendment.

### Women Flock to the Polls.

If women are proving anything they are showing that they intend to make use of the ballot. In Butte, Mont., at the first registration since the passage of the equal suffrage amendment, 7,500 women enrolled as voters out of the 9,000 women entitled to the vote in the city. "Who said the women didn't care to vote?" asked County Clerk Kehoe. "Before last election it was generally stated that if the women did get the privilege they would never cast their ballots. They've certainly vindicated themselves by the recent registration."

### HOW ABOUT IT?

If you are a married man with a wife who has been a real help-mate to you, don't you want to make her your equal in the eyes of the law?

"Give the women the vote, or haul down your flag which stands for the principle of equality and justice and liberty to all."—Rev. G. S. Womer, of Huntingdon, Pa.

### MARY DAVIES, HEROINE

Even those people who believe women are not entitled to the ballot, because they are not called upon to bear arms for their country, will be interested in the story of the sublime heroism of Mary Davies, a nurse with the armies of the Entente allies, which came to America recently in a Paris cable, along with other military intelligence.

Mary Davies is attached to the American hospital at Nuilly where the awful ravages of gas gangrene among the wounded brought from the front was the greatest problem of the surgeons in charge. Dr. Kenneth Taylor, of the Nuilly hospital, by constant experimentation devised what he firmly believed was a remedy for it. The experiments necessarily were conducted with guinea pigs, and the ultimate, the only conclusive test on a human being had not yet been made.

It was a matter that demanded the utmost possible haste. Gangrene was killing gallant fellows by the hundreds while the surgeons and the other hospital attaches stood by powerless. Mary Davies was one of them. She was familiar with Dr. Taylor's experiments. She knew also the tremendous risk that any one who offered himself for the extension of the investigation to the human family would run. She knew also the awful nature of the death of gas gangrene victims. She realized that so well that she felt if she offered herself the offer would be rejected. But she was determined that the loss of life among the soldiers should be checked. If it were possible for her to check it and she secretly inoculated herself with the deadly gangrene bacillus and then calmly offered herself to Dr. Taylor for treatment. Fortunately that treatment fully realized expectations. Nurse Davies recovered completely and there has been a marked reduction in the mortality figures not only at the American hospital in Nuilly, but in all the hospitals where gas gangrene is the big problem.

No tale of heroism that has yet been told about this war shows courage that outpaces that of Mary Davies. Yet, sublime in its heroism though it is, the action of this brave nurse is but typical of the sex. Women every day are doing things just as fine and just as courageous. They do them quietly and with the same consciousness that it is but a part of their duty that influences the most noble minded and self-sacrificing of the opposite sex.

Of all the flimsy arguments against woman suffrage the one that women are not entitled to vote because they do not fight is the flimsiest. The truth is that women fight for their country all the time while many men fight only when there are wars, and even then they have to make great draughts upon the strength and the courage of their womenfolk.

Fifteen people narrowly escaped death in the Adams County Preserving Co., York Springs, one day recently when the belt slipped from a wheel attached to the engine governor, pulling the steam valves open. Some of the employees escaped and the few who could not get away were fortunate enough to escape injury.

## REPORT OF THOMAS B. REED TO CONGRESS.

In 1884 Czar Reed's Courageous Stand for Justice to Woman.

To-day a woman's property belongs to herself; her earnings are her own; she has been emancipated beyond the wildest hope of any reformer of 25 years ago. Almost every vocation is open to her. She is proving her usefulness in spheres which the "nature" worshipped by the conservative of 25 years ago absolutely forbade her to enter. Notwithstanding all these changes, the family circle remains unbroken, the man child gets as well educated as before and the ameliorating influence of women has become only the more marked.

Thirty years ago hardly any political assemblage of the people was graced by the presence of women. Had it needed a law to enable them to be present, what an argument could have been made against it! How easily it could have been shown that the coarseness, the dubious expressions, the general vulgarity of the scene could have had no other effect than to break down that purity of word and thought which women have and which conservative and radical are alike sedulous to preserve. And yet the actual presence of women at political meetings has not debased them, but has raised the other sex.

If suffrage be a right, if it be true that no man has a claim to govern any other man except to the extent that the other man has a right to govern him, then there can be no discussion of the question of woman suffrage. No reason on earth can be given by those who claim suffrage as a right of manhood which does not make it a right of womanhood also.

If the suffrage is to be given man to protect him in his life, liberty and property, the same reasons urge that it be given to woman, for she has the same life, liberty and property to protect.

If it is urged that her interests are so bound up in those of man that they are sure to be protected, the answer is that the same argument was urged as to the merger in the husband of the wife's right of property, and was pronounced by the judgment of mankind fallacious in practice and in principle.

If the natures of men and women are so alike that for that reason no harm is done by suppressing women, what harm can be done by elevating them to equality? If the natures be different, what right can there be in refusing representation to those who might take juster views about many social and political questions?

Our Government is founded not on the rule of the wisest and best but upon the rule of all. The ignorant, the learned, the wise and the unwise, the judicious and unjudicious are all invited to assist in governing, and upon the broad principle that the best government for mankind is not the government which the wisest and best would select, but that which the average of mankind would select. Laws are daily enacted not because they seem the wisest even to those legislators who pass them, but because they represent what the whole people wish. And, in the long run, it may be just as bad to enact laws in advance of public sentiment as to hold on to laws behind it.

Upon what principle in a Government like ours can one-half the minds be denied expression at the polls? Is it because they are untrained in public affairs? Are they more so than the slaves were when the right of suffrage was conferred on them?

We believe that every citizen in the United States is made more intelligent, more learned, and better educated by his participation in politics and political campaigns. It must be remembered that education, like all things else, is relative.

While the average American voter may not be all that impatient people desire, and is far behind his own future, yet he is incomparably superior to the average citizen of any other land where the subject does not fully participate in the Government. Discussions on the stump and, above all, the discussions, he himself has with his fellows, breed a desire for knowledge which will take no refusal and which leads to great general intelligence. In political discussion acrimony and hate are not essential, and have of late years quite perceptibly diminished and will more and more diminish when discussions by women, and in the presence of women, become more common.

If, then, discussion of public affairs among men has elevated them in knowledge and intelligence, why will it not lead to the same results among women? It is not merely education that makes civilization, but diffusion of education. The standing of the nation and its future depend not upon the education of the few, but of the whole.

Every improvement in the status of woman in the matter of education has been an improvement to the whole race. Women have by education thus far become more womanly, not less. The same prophecies of ruin to womanliness were made against her education on general subjects that are now made against her participation in politics.

It is sometimes asserted that women now have a great influence in politics through their husbands and brothers. That is undoubtedly true. But that is just the kind of influence which is not wholesome for the community, for it is influence unaccompanied by responsibility. People are always ready to recommend to others what they would not do themselves.

If it be true that women cannot be prevented from exercising political influence, is not that only another reason why they should be steadied in their political action by that proper sense of responsibility which comes from acting themselves?

We conclude, then, every reason which in this country bestows the ballot upon man is equally applicable to the proposition to bestow the ballot upon woman, that in our judgment there is no foundation for the fear that woman will thereby become unfitted for all the duties she has hitherto performed.

## CHRISTIAN ENDEAVOR NEWS.

Hon. D. Calvin Rudisill Leads C. E. Meeting.

Our representative in the legislature at Harrisburg, Hon. D. Calvin Rudisill, will lead the C. E. Meeting at St. James Church, Gettysburg, Pa., Sunday evening, next, Oct. 24th, 1915. This is especially appropriate at this time as the topic for the meeting is "Capturing Politics for God," and in view of the approaching elections. Mr. Rudisill has made an enviable reputation for himself as a Christian gentleman and leader, and he has lived up to that reputation at Harrisburg. All who may be able to come to the meeting next Sunday evening will be made welcome and they will have a treat which they will be glad to have enjoyed. Come, one and all, give Mr. Rudisill the reception which he deserves. He will have a message for you that will be worth while. Comments on the topic for Oct. 24th, 1915, by Rev. W. E. Garrett, New Oxford, Topic, "Capturing Politics for God." Ps. 33:8-22. (Led by a Christian office holder if possible).

At this time, a subject like this is very appropriate. Our primaries have been held and the fall elections will soon decide who will be our rulers for the next term of office. The topic holds out an ideal which to many may seem a wild dream, and yet it is not a more daring program than that which Christianity set before itself in the first centuries and actually accomplished. Let us see a few things in regard to the transforming influence of Christianity.

## Mad at Paint

25c a gallon for paint is about \$2.50 on the average job, and lots of men waited last year for that; but they didn't reckon; they got mad; wouldn't pay it.

There are times to get mad and refuse to pay; but when one's property needs protecting is no time to get mad and not paint.

Besides, it costs more to get mad and wait than to paint.

Getting mad doesn't do any good to your property; paint does it good by keeping-out water; no water no rot; no paint, some water and rot; and a little rot is more than enough to make a man liberal towards his painter and paint.

Paint costs not a cent. All the paint in the world, so long as it keeps-out water, costs not a cent.

The Artichoke. The artichoke, which originally came from Persia, is not a botanical species, but a variety of the thistle, which grows spontaneously all along the African coast of the Mediterranean from Morocco to Palestine. It is now cultivated extensively in France, where those which come from Brittany and Algeria are the species most highly esteemed. Even of these there are many varieties, such as the Camus artichoke of Brittany, the bronzed artichoke of Provence, the big green artichoke of Lyons and the violet artichoke of France. There are also varieties which come from Italy, Spain, India and Canada, to say nothing of the Jerusalem artichoke, famous for the enormous size of its leaves. In the south of France when the crop is abundant the heads are carefully picked of all their leaves and the hearts dried in the sun, put up in sacks and stored away for winter use. These hearts when boiled in water or in a rich beef broth become soft and recover their form, color and flavor. They are then taken from the pot, the water and broth strained away, the center is filled with force meat, and they are then either fried or baked.

### A JOINT RESOLUTION

Proposing an amendment to section eight of article nine of the Constitution of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

Amend section eight, article nine of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking-fund for their cancellation shall be established and maintained," so that it shall read as follows:—

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which on the first day of January, one thousand eight hundred and seventy-four, exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation. The city of Philadelphia, upon the conditions hereinafter set forth, may increase its indebtedness to the extent of three per centum in excess of seven per centum upon such assessed valuation for the specific purpose of providing for all or any of the following purposes, to wit: For the construction and improvement of subways, tunnels, railways, elevated railways, and other transit facilities; for the construction and improvement of wharves and docks and for the reclamation of land to be used in the construction of wharves and docks.

Such increase, however, shall only be made with the assent of the electors thereof at a public election, to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded from the calculation a credit, where the work resulting from any previous expenditure, for any one or more of the specific purposes hereinabove enumerated shall be yielding to said city an annual current net revenue; the amount of which credit shall be ascertained by capitalizing the annual net

revenue during the year immediately preceding the time of such ascertainment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In incurring indebtedness, for any one or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia may issue its obligations maturing not later than fifty years from the date thereof, with provision for a sinking-fund sufficient to retire said obligation at maturity, the payments to such sinking-fund to be in equal or graded annual installments. Such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges, as required by section ten of article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of such work.

Amend section twenty-one, article three of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"No act of the General Assembly shall limit the amount to be recovered for injuries resulting in death, or for injuries to persons or property, and in case of death from such injuries, the right of action shall survive, and the General Assembly shall prescribe for whose benefit such actions shall be prosecuted. No act shall prescribe any limitations of time within which suits may be brought against corporations for injuries to persons or property, or for other causes, different from those fixed by general laws regulating actions against natural persons, and such acts now existing are avoided," so that it shall read as follows:

The General Assembly may enact laws requiring the payment by employers, or employers and employees jointly, or reasonable compensation for injuries to employees arising in the course of their employment, and for occupational diseases of employees, whether or not such injuries or diseases result in death, and regardless of fault of employer or employee, and fixing the basis of ascertainment of such compensation and the maximum and minimum limits thereof, and providing special or general remedies for the collection thereof; but in no other cases shall the General Assembly limit the amount to be recovered for injuries resulting in death, or for injuries to persons or property, and in case of death from such injuries, the right of action shall survive and the General Assembly shall prescribe for whose benefit such actions shall be prosecuted. No act shall prescribe any limitations of time within which suits may be brought against corporations for injuries to persons or property, or for other causes, different from those fixed by general laws regulating actions against natural persons, and such acts now existing are avoided.

POLITICAL CALENDAR FOR 1915.

November 2—Election day.

## DEMOCRATIC YEAR.

This is a Democratic year and the time for every Democrat and every patriotic citizen to support the Democratic ticket. The country has at Washington one of the greatest and wisest of Presidents that has ever occupied the White House. He has guided the Ship of State through the most troublesome waters of a generation. He has done his work with a master's hand. He should have the moral support from the whole country, that when the Democratic party presents a good ticket of the best citizenship, that ticket is supported and elected. A Democratic victory throughout the whole country this year would mean that the country is back of the President, that the enemies of the country would not be able to get comfort or benefit from the lack of the same. Let the voters of Adams resolve to make this a Democratic year.

## JUDICIARY TICKET.

First comes the Superior Court Judges. The technicalities of the law seem to have prevented Judges John Benedict Head, George B. Orlady and J. Henry Williams from receiving the fruits of their overwhelming victory at the primary and the ticket must be sent to the people again with their names and the names of the three candidates who received much smaller votes. The voters should support Judges Head, Orlady and Williams. They have proven themselves while on the Superior Bench to have been most worthy of the trust confided to them. Of the six nominees for the position there is but one Democrat, Judge John B. Head. The vote of the State at the primary was non-partisan and Judge Head had a very large vote. It is most fitting that Adams county stand by Judge Head. He is a relative of William McSherry, the eminent attorney of this county and it would be most appropriate in this county by reason of this fact that Adams county roll up a handsome majority for Judge Head and his associates Judges Orlady and Williams.

## MR. BUTT INDORSED.

The "Fulton County Democrat" indorses Mr. Butt, as follows:

In the contest for the non-partisan nomination for Judge of the Court of Common Pleas of Adams and Fulton District there were three candidates and no one received fifty-one per cent. of the votes cast, hence the two who received the highest number of votes go on the ballot at the November election. J. Lawrence Butt, Esq., of Gettysburg, received a majority of all the votes cast and had the primary contest based upon a majority of the votes cast, as the election will be determined. Mr. Butt would be our Judge for the next ten years.

The "Democrat" endorses the nomination of Mr. Butt not only because he received a majority of the votes cast at the primaries but because after careful investigation we find that Mr. Butt is a man of mature years and judgment. He is well qualified for the place and has demonstrated his ability by long years of active practice of the law.

Mr. Butt is not only a lawyer but a business man of high standing, a qualification very essential for one aspiring to such a high position.

We feel it not only a privilege but our duty to support the candidacy of Mr. Butt and in so doing we can assure the voters of all political parties that he will bring to the bench a non-partisan administration of the law and give the people a square deal on every question.

## FIGURES USED TO DECEIVE.

A flagrant attempt has been made through McPherson advertisements to deceive the people of Fulton county with the idea that he carried Adams county, and Mr. Butt's ward, declaring both Democratic, and this town "double the normal Republican majority." These figures and statements were presented to show the fitness of Mr. McPherson. Mr. Butt won out in the district by a plurality and because of that fact and the same reasoning he should be elected by a large majority. In the attempt to deceive the people of Fulton, the vote of Mr. McSherry was wholly ignored, and this because the combined vote for Mr. Butt and Mr. McSherry would show a clear majority in the county over Mr. McPherson of 566. If figures are to be the judge of fitness, look at the showing of Mr. McPherson in comparison with that of Congressman Beales in 1912, which refutes the statement of the McPherson advertisement about the First Ward being Democratic and his majority in this town. Congressman Beales receives in the First Ward 260 votes, a majority of 137, while Mr. McPherson only has a plurality of 26 and in the town Mr. Beales has a majority of 334 while Mr. McPherson has a plurality of 128. By this method of reasoning Mr. Butt's fitness and strength is shown by fact that Mr. McPherson is 266 votes behind Mr. Beales.

## NON-PARTISAN TICKET

FOR JUDGE  
J. L. BUTT.  
Of Gettysburg, Pa.

## COUNTY JUDGE.

The reasons for our support of J. L. Butt for President Judge of the first Judicial District are numerous and most satisfying. He has the ability, the legal acumen, and the character to grace the Bench. His life has been above reproach. He has always been a hard worker and makes a success of the things to which he puts his hands and the assurance that Judge by his election is in the life he has lived and the things he has done. One of his predominant characteristics is a broad sense of fairness and justice and his many admirers and friends feel that he would go on the Bench to do justice without fear, favor or prejudice.

Mr. Butt comes of the best of native parentage, the Butt and Deardorff families are among the best families of Franklin township. They have always been held in highest esteem because of their many virtues and the big township of Franklin should roll up an enormous vote for this favorite son.

Mr. Butt has one characteristic that the people can count upon that he will bring to the discharge of his duties. That is initiative. He is never satisfied to do things like some one else or to do them in the easiest way. He gives himself to the things he does to do them in the best way they can be done. He has had faith in his own judgment and the land of his native country. He didn't buy farms and let them take care of themselves. It was improvement all the time with new methods and new ideas. He has never been afraid of an idea. He believes in doing things better.

There is another predominating characteristic of the man that was recognized from the moment he became a candidate. That is his good sound judgment. This has been shown in his family, in his banking business, and specially in his practice of the law. His judgment has been sought hundreds of times because of its soundness and his ability to look at a proposition from all sides and right through it.

J. L. Butt if elected Judge will not be satisfied in giving less than the best in him and that means that justice will be dispensed with judgment.

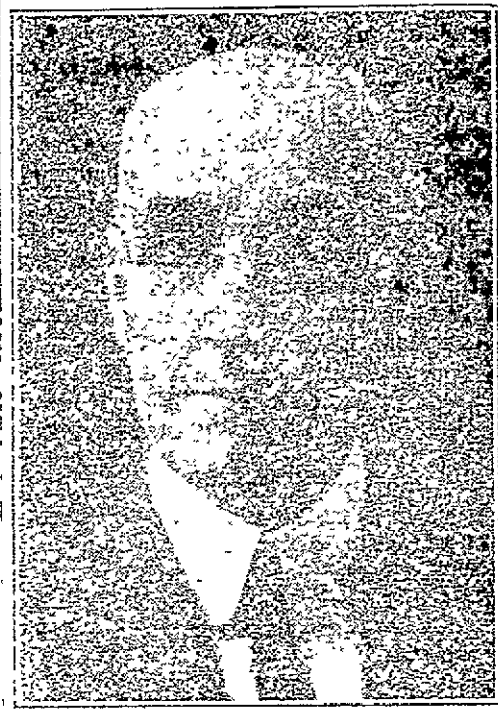

FOR ASSOCIATE JUDGE.  
W. HOWARD DICKS.  
Of Reading Township.

## ASSOCIATE JUDGES.

Hon. W. Howard Dicks is one of the best citizens living in that strong Democratic township, old Reading. Judge Dicks has endeared himself to a vast number of people, young and old as the genial host at Dicks', along the Conowingo. Hundreds of people go there every year and he is there with his friendly greeting and always ready to do a good turn and no appeal made to him is ever turned down. He has devoted friends all over the county. The course of Judge Dicks on the Bench has been eminently satisfactory. He has always conducted himself to preserve the dignity of the Bench and respect of the people for the Bench. He is a man of the simplest habits and enjoys a character above reproach. It should be a source of gratification to all the voters to give Judge Dicks their vote and support.

Edward P. Miller of Gettysburg is eminently qualified for the position of Associate Judge. He lived many years in Abbotstown engaged in store keeping. He was postmaster of that town under President Cleveland. Mr. Miller moved to Gettysburg to enter the Gettysburg Department Store as manager of one of its departments and after giving several

years to this work accepted a position with the Reaser Furniture Company where his efficiency and ability has been most helpful. Mr. Miller has won a host of friends by his many admirable qualities of heart and mind. He is always interested in work for the community's welfare. He gives himself enthusiastically to everything he undertakes. He was president for several years of the Adams County Sunday School Association having a membership over thirteen thousand in the county. Mr. Miller could always be depended upon to uphold the dignity of the court and a respect for the law in the discharge of all duties as an Associate Judge.

## DEMOCRATIC TICKET.

The Democratic ticket of Adams county is composed of good citizens throughout. The ticket was named by a majority of the Democrats in the county. It was the ticket they wanted. There is but one position for every good Democrat to take, to respect the will of the majority naming the ticket and give the ticket your support.

FOR PROTHONOTARY.  
G. ALLEN YOHE,  
of Hamilton Township.

## PROTHONOTARY.

G. Allen Yohe, Democratic candidate for Prothonotary was born in Hamilton township in 1898 and with the exception of two years has resided there his entire life. In 1899 he began teaching at Chestnut Hill in Union township and taught continuously for 28 years in Adams, York and Lancaster counties, Pa., and Reno county, Kansas. His ability as a teacher was always recognized and his work was successful. Three years ago he began farming in his native township. Mr. Yohe is eminently qualified for the office. He possesses those polite, courteous manners that make a good official. He possesses a teacher's permanent certificate and is a good penman, one of the chief requisites of the office. He enjoys a good character and deserves the support of the voters of the county. Vote for G. Allen Yohe and elect him.

FOR SHERIFF,  
JOHN C. BOLLINGER,  
Of Union Township.

## SHERIFF.

John C. Bollinger, Democratic can-

didate for Sheriff, was born in Union township 49 years ago. He was a son of the late Mr. Eli Bollinger. The family was among the earliest settlers of the county. Mr. Bollinger has followed farming and saw-milling for years and has been a successful business man at these occupations. He has been a justice of the peace for 17 years and enjoys the confidence and respect of his community in an unusual degree. He has conducted his office of justice to conserve the peace rather than make litigation. He has been a committeeman of his party and a delegate many times and time and time again has helped to roll up a big majority in Union township for others. Now is the time to send him into the Sheriff's office with a good majority. He is well qualified for the position and would make an estimable and faithful official.

FOR CLERK OF THE COURTS,  
W. D. SHEELY,  
Of Littlestown.

W. David Sheely, Democratic candidate for Clerk of the Courts was born in Union township in 1867, and has resided in Littlestown many years. His early life was spent in working on a farm and attending public school. He also attended select schools in Littlestown and Abbotstown. He began teaching at the age of nineteen and his continued in that profession to the present time with the exception of two years while employed as clerk in a store. He holds a permanent certificate and has taught in both graded and rural schools. Mr. Sheely is at present serving his 18th year as assessor in Littlestown, having been first elected in the spring of 1898 just one year after moving into the borough and re-elected each succeeding term, the last three times without opposition. Mr. Sheely is an excellent penman, a need of the office to which he aspires. Only good and kind words are said of Mr. Sheely by his neighbors and those who know him best. Well fitted for the position he will make an efficient and faithful officer.

FOR REGISTER AND RECORDER,  
WM. J. CHRIMER,  
Of Mt. Pleasant Township.

## REGISTER AND RECORDER.

Wm. J. Chrimer, the Democratic candidate for the office of Register and Recorder belongs to that big Democratic township of Mt. Pleasant, where he has lived many years and has been a successful farmer. The family lived in Gettysburg a number of years before moving to Mt. Pleasant township, he following the occupation of a baker here. Mr. Chrimer has always taken an active interest in the welfare of his township, having been a school director for years and giving faithful service to the cause of the schools. He is well and favorably known throughout the county as a director of the Mummansburg Mutual Fire Insurance Company and has a host of friends who have only words of praise for him.

There is a special reason why every Democrat and lover of fair play should give Mr. Chrimer his vote and support. Four years ago the Democrats named the Register and Recorder. Death claimed the incumbent when half of the term had expired. In all fairness a Democrat should have been named for the unfilled time and one who would have made concessions to the widow of the man who had been elected to the office. The Republican Machine of the county with a Governor to do its will, filled the position. The office for two years has not been filled by a Democrat notwithstanding the will of the majority expressed four years ago and the Democratic voters should see to it that Mr. Chrimer receives the position the Republican Machine took from the party.

FOR COUNTY TREASURER,  
E. P. WISOTZKEY  
of Gettysburg.

## COUNTY TREASURER.

E. P. Wisotzkey, Democratic candidate for County Treasurer, was born in Gettysburg in 1877 and is one of our very own people. After attending the public schools of Gettysburg he followed blacksmithing for six years. He was in the grocery business for 33 years and kept a model store with the latest and up-to-date service. For several years he has been helping to look after a fruit farm in Cumberland township. He served as a councilman for three terms, has been a member of the Gettysburg Volunteer Fire Company for

27 years, was chief of the company for 15 years, and now is Fire Marshal by appointment of the Town Council. All these positions are without pay but were filled faithfully and with marked ability. Mr. Wisotzkey's clear head and helping hand has helped to save this town many a time from the fire fiend. He has always been an ardent Democrat working for the interests of his party. Mr. Wisotzkey has a clean record as a citizen and enjoys the highest character for honesty and probity. He would give faithful and conscientious service in the office of County Treasurer. He has always given the fair, square deal and now deserves and should have from the party and all voters the fair square deal.

FOR DISTRICT ATTORNEY,  
C. E. STAHL.  
Of Gettysburg.

## DISTRICT ATTORNEY.

Charles E. Stahle, Democratic candidate for District Attorney, was born in Gettysburg April 21st, 1867. He was graduated from Pennsylvania College at Gettysburg in 1887 and was admitted to the Bar of Adams County in 1891. On the death of his father, the late Henry J. Stahle, in 1892, he became associated with his brother, the late Thomas J. Stahle, in the management of "The Gettysburg Compiler," in which occupation he was engaged until 1902. He then resumed the practice of the law and has since represented important interests in litigation. He is a member of the Bar of both the Superior and Supreme Courts of Pennsylvania.

FOR COUNTY COMMISSIONER,  
HARRY J. MARCH.  
of East Berlin.

## COUNTY COMMISSIONERS.

Harry J. March, Democratic candidate for County Commissioner, is a self-made man. He lost his father when 11 years of age and was bound out on farms to strangers for nine years. His own energy and determination gave him his education and business ability. In 1900 Mr. March moved to Adams county and engaged in the cattle business and since that time has bought and shipped thousands of Adams county cows to markets beyond the county and brought back the proceeds to be again spent among our people. He has maintained a most enviable reputation for honesty and fair dealing, as he has never had a law suit in his business because he has always dealt fairly and squarely with the people. He has been an earnest Democrat working for the party's interest. As a successful business man, thorough and careful, a man of excellent judgment and of pleasing personality he is the type of man to take good care of the business interests of the county and give faithful service. In expressing his thanks for the nomination Mr. March says that if the voters of the county will give him their trust and elect him to this important office, that he shall give them faithful and honest service and will look well to the interests of the tax payers.

FOR COUNTY COMMISSIONER,  
HARRY B. SLAGLE  
of Oxford Township.

Harry B. Slagle, Democratic candidate for County Commissioner, was born in Oxford township, where he has lived his entire life. He is a son of George F. Slagle, a good Democrat, who graciously accepted defeat for associate judge ten years ago and has since helped to fight the battles of his party. Mr. Slagle has been a successful farmer, a good manager and enjoys the good will and respect of every one who knows him. He is well qualified to have charge of the business interests of the county. Mr. Slagle has represented his township for 16 years as a school director to the entire satisfaction of his township. In expressing his appreciation for the nomination Mr. Slagle

pled as if elected to give honest service and clean administration of the office to the best interests of the tax payers.

## DEMOCRATIC ECONOMY.

Just a word as to the need of wise economy in the administration of the office of the County Commissioners. The Democratic administration preceding the present one reduced the net debt of the county about \$20,000 from over \$70,000 to \$51,000. This was only accomplished by economical management. The present administration in its best years has never done more than keep the net debt to the point to which it was brought by the preceding administration and in one year this net point was advanced over six thousand dollars. The people must look to the Democratic party for the wise economy and management to keep the net debt at its lowest possible point. The Republicans have at no time exceeded the best the Democrats have done. The ways for expenditures are widening and it is a work to which two Democratic Commissioners can devote their energies—a wise economy to keep expenditures at the lowest point.

FOR DIRECTOR OF THE POOR,  
SIMON P. MILLER,  
of Mt. Joy Township.

## DIRECTORS OF THE POOR.

Simon P. Miller, Democratic candidate for Director of the Poor is a successful farmer in Mt. Joy township. He has served his township as a tax collector for a term and as school director for two terms. He is a man of kindly temperament, the right man to administer the affairs of the County Home, one who will seek the welfare of those under his care and economically administer the affairs of the institution. Let Mr. Miller have your vote.

FOR DIRECTOR OF THE POOR,  
CLINTON A. RIFE,  
of Mt. Pleasant Township.

Clinton A. Rife, Democratic candidate for Director of Poor is a resident of Mt. Pleasant township. He is well and favorably known throughout the county, specially in the eastern end where part of his early life was spent. He is a successful farmer and is known for the untiring zeal which he gives to his work. He is thorough-going and careful and would devote himself to administering the County Home with efficiency and economy. Give Mr. Rife your vote.

## FOR COUNTY AUDITOR.

ROBERT D. MYERS,  
of Straban Township.

## COUNTY AUDITORS.

Robt. D. Myers, Democratic candidate for County Auditor, is a resident of Straban township. He holds a commercial school diploma and has been a teacher in the public schools of the county for four years. He has been called upon to help in the auditing of township accounts many times. His training and experience have qualified him to make a faithful and efficient county official. He has served as justice of the peace for several years. Mr. Myers will see to it that the people get a square deal when it comes to auditing the public accounts.

FOR COUNTY AUDITOR,  
L. B. SLAYBAUGH,  
Of Butler Township.

Luther B. Slaybaugh, Democratic candidate for County Auditor, lives in Butler township, being a son of the late Jesse and Emma Slaybaugh. Mr. Slaybaugh is 33 years of age and has made himself well known by the efficiency and faithfulness he devotes to any work undertaken. This has been well illustrated in his work as County Auditor, the care with which every item has been scrutinized and the thoroughness of his work. He has the experience to give the county the exact service needed in the office of County Auditor.

# PROPOSED AMENDMENT TO THE CONSTITUTION NO. 2

SHALL SECTION EIGHT OF ARTICLE NINE OF THE CONSTITUTION BE AMENDED SO AS TO READ AS FOLLOWS?

Section 8. The debt of any county, city, borough, township, school district, or other municipality or other municipality or incorporated district, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which on the first day of January, one thousand eight hundred and seventy-four, exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation. The city of Philadelphia, upon the conditions hereinafter set forth, may increase its indebtedness to the extent of three per centum in excess of seven per centum upon such assessed valuation for the specific purpose of providing for all or any of the following purposes—to wit: For the construction and improvement of subways, tunnels, railways, elevated railways, and other transit facilities; for the construction and improvement of wharves and docks and to be owned by said city. Such increase, however, shall only be made with the assent of the electors thereof at a public election; to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded from the calculation a credit, where the work resulting from any previous expenditure, for any one or more of the specific purposes hereinabove enumerated shall be yielding to said city an annual current net revenue; the amount of which credit shall be ascertained by capitalizing the annual net revenue during the year immediately preceding the time of such ascertainment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In incurring indebtedness, for any one or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia may issue its obligations maturing not later than fifty years from the date thereof, with provision for a sinking-fund sufficient to retire said obligation at maturity, the payments to such sinking-fund to be in equal or graded annual installments. Such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and the sinking-fund charges, as required by section ten of article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of such work.

# PROPOSED AMENDMENT TO THE CONSTITUTION NO.3

SHALL SECTION TWENTY-ONE OF ARTICLE THREE OF THE CONSTITUTION BE AMENDED SO AS TO READ AS FOLLOWS?

The General Assembly may enact laws requiring the payment by employers, or employers and employees jointly, of reasonable compensation for injuries to employees arising in the course of their employment, and for occupational diseases of employees, whether or not such injuries or diseases result in death, and regardless of fault of employer or employee, and fixing the basis of ascertainment of such compensation and the maximum and minimum limits thereof; and providing special or general remedies for the collection thereof; but in no other cases shall the General Assembly limit the amount to be recovered for injuries resulting in death, or for injuries to persons or property, and in case of death from such injuries, the right of action shall survive, and the General Assembly shall prescribe for whose benefit such actions shall be prosecuted. No act shall prescribe any limitations of time within which suits may be brought against corporations for injuries to persons or property, or for other causes, different from those fixed by general laws regulating actions against natural persons and such acts now existing are avoided.

# PROPOSED AMENDMENT TO THE CONSTITUTION NO. 4

SHALL THE CONSTITUTION BE AMENDED BY ADDING THERETO THE FOLLOWING?
